Board Independence

The Board's policy is that the Board should endeavour to ensure that a majority of directors are independent, non-executive directors. The Board only considers directors to be independent where they are independent of management and free from any business or other relationship that could materially interfere with the exercise of their independent judgement regarding the best interests of SiteMinder and Shareholders.

SiteMinder's Board is chaired by Pat O'Sullivan who is a highly experienced independent non-executive director. As Chair, Pat has demonstrated strong leadership, set clear expectations of management, encouraged direct and open discussions, and strengthened the company's culture of accountability. SiteMinder complies with Recommendation 2.4 to have a majority of independent directors on its Board. Four of the seven directors are considered by the Board to be independent directors, including Pat, Jenny Macdonald, Kim Anderson and Dean Stoecker.

SiteMinder's two non-independent non-executive directors (Paul Wilson and Les Szekely) have each been with SiteMinder from its early days. Paul and Les were early investors in SiteMinder, Paul as co-founder and Managing Partner of ASX-listed Bailador Technology Investments and Les as the first angel investor in SiteMinder.

The Board believes its composition is well-balanced between its two long serving non-executive directors, which each have valuable corporate history to contribute, SiteMinder's Chief Executive Officer (CEO), Sankar Narayan, and its four independent non-executive directors who bring fresh ideas and perspectives (as well as highly valued experience sitting on other company boards and in senior executive roles).

Board Diversity

All directors on the Board are supporters of SiteMinder's efforts in achieving diversity and inclusion. The People and Culture Committee includes diversity factors in its consideration of the qualities desired for new Board candidates.

2.2 The Board's Role and Responsibilities

The Board Charter sets out the principles for the operation of the Board and describes the functions of the Board, and the roles and responsibilities of the CEO and Company Secretary. The Board Charter was most recently reviewed by the Board on 7 December 2023 and no updates were deemed necessary.

The Board's Role

The Board's role is to govern the Company rather than to manage it. In governing the Company, the directors act in the best interests of the Company as a whole. It is the role of senior management to manage the Company in accordance with the direction and delegations of the Board, and it is the responsibility of the Board to oversee the activities of management in carrying out these delegated duties, including, whenever required, challenging management and holding it to account.

The Board has the final responsibility for the successful operation of the Company. In general, it is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of SiteMinder. In carrying out its governance role, the main task of the Board is to drive SiteMinder's performance while taking into account its stakeholders and making sure that risk is properly managed and SiteMinder complies with its legal obligations.

Board Responsibilities

The principal functions and responsibilities of the Board (as detailed in the Board Charter) include the following:

- Reviewing procedures for the selection and appointment of SiteMinder's senior management (with the guidance of the People and Culture Committee where appropriate) as well as monitoring their overall performance;
- Reviewing and approving senior management's development and performance objectives as well as approving succession plans associated with their roles;
- Providing advice and guidance to senior management;
- Reviewing and approving executive remuneration, including senior management's short-term and long-term incentive plans, which involve a mix of cash and equity awards; and
- With the guidance of the People and Culture Committee:
 - evaluating remuneration of directors;
 - monitoring compliance with non-executive director remuneration pool;
 - appointing, reviewing the performance of, remunerating and replacing the Board Chair;
 - SiteMinder's induction program and ongoing development for directors;
 - regularly assessing the independence of all directors; and
 - monitoring the organisational capability and mix of skills, expertise and diversity on the Board.

Delegation

The Board has reserved all powers for itself. Delegated authorities to management are set out in SiteMinder's Delegations Register. Where a delegation is not specified in the Delegations Register, the Board retains the authority and approval to act must be sought from the Board.

2.3 Access to Information, Independent Advice and Company Secretarial Support

All directors of the Board have access to Company information, management and the Company Secretary to enable them to carry out their responsibilities. Directors may also call on independent, professional advice at SiteMinder's expense in carrying out their duties. Prior consultation with the Board Chair is expected of directors before consultation with external advisors.

The Company Secretary is accountable to the Board on all matters to do with the proper functioning of the Board and reports principally to the Board Chair. The Company Secretary is generally responsible for carrying out the administrative and legislative requirements of the Board and holds primary responsibility for ensuring that the Board processes, procedures and policies run efficiently and effectively.

SiteMinder's Company Secretary is also secretary to each Board committee and attends each committee meeting.

2.4 Board Skills Matrix

The Board has adopted a Board Skills Matrix, which it has regard to in considering the appointment of, or recommendation for re-appointment of, directors. The Board Skills Matrix was most recently reviewed by the Board on 7 December 2023 to ensure it captures the skills needed to address existing and emerging business and governance issues relevant to the SiteMinder Group. This will be reviewed and updated again in FY25.

All directors are expected to actively support the core values of SiteMinder, and to work diligently to safeguard the long-term interests of SiteMinder and its value to Shareholders. Directors must demonstrate a track record of ethical leadership and accountability, of operating successfully in an environment of challenge and collegiality, and of understanding commercial risk/return trade-offs.

The table below sets out the key categories and associated skills and experience in the Board Skills Matrix:

Category	Skills / experience	
Digital & Technology	<ul style="list-style-type: none"> Digital platforms Disruptive technologies 	<ul style="list-style-type: none"> Innovation and technology Data

6.2 Risk Management

SiteMinder's Board Charter provides that it is the responsibility of the Board to oversee, review and ensure the reliability and effectiveness of SiteMinder's compliance systems. The Board is ultimately responsible for the oversight of risk and ensures that management has the appropriate resources to mitigate material risks that have been identified and reported to it by the Audit and Risk Committee.

SiteMinder has a risk management framework that involves a multilayered approach to identifying, assessing, reporting, and mitigating risks. Management has the primary responsibility for identifying and reporting risks to the Audit and Risk Committee. The Audit and Risk Committee regularly reviews the risk register and approves various risk management strategies, including controls and mitigation efforts.

The Board also reviews the risk management framework at least annually to satisfy itself that it continues to be sound and that the SiteMinder Group is operating with due regard to the risk appetite set by the Board. The Audit and Risk Committee and the Board reviewed the Company's risk management framework in the Reporting Period and is satisfied that, given the size and complexity of the Company, it continues to be sound.

Internal Audit

The Audit and Risk Committee has determined to establish an internal audit function in stages in FY25 and FY26. The internal audit function will focus on key strategic and operational risks. Details of the internal audit function's structure will be provided once it is established.

Environmental and Social Risks

The Board is responsible for approving the disclosure of any material exposure SiteMinder has to environmental or social risks and how SiteMinder manages or intends to manage those risks. The Board does not consider SiteMinder to have any material exposure to environmental or social risks.

SiteMinder's ESG Statement (as covered above) outlines the areas of focus for SiteMinder in terms of environmental, social and governance impacts and the initiatives that SiteMinder is implementing to combat any negative impacts and increase its positive impacts.

7. Communications with Shareholders and Investors

Corporate Governance Principles and Recommendations: 5.1, 5.2, 5.3, 6.1, 6.2, 6.3, 6.4, 6.5

The following governance policies referred to in this section can be found on SiteMinder's website in the Governance section of the Investor Relations Page:

- Continuous Disclosure Policy
 - Shareholder Communications Policy
-

7.1 SiteMinder's website

SiteMinder's Investors Relations page on its website (<https://www.siteminder.com/investor-relations/>) is the primary medium of providing information to Shareholders and stakeholders. It has been designed to enable information to be accessed in a clear and readily accessible manner. The following information can be found on the SiteMinder website:

- All ASX announcements made to the market are posted on the SiteMinder website as soon as they have been released by ASX, including annual and half-year financial results
- SiteMinder's annual report
- Copies of all investor presentations made to analysts and media briefings
- Information about the SiteMinder leadership team and the Board
- SiteMinder's key governance policies, Board charters and constitution
- Share registry company contact details

All ASX announcements made by SiteMinder can also be accessed from the 'Announcements' section of the ASX website (www.asx.com.au), using SiteMinder's ticker code: SDR.

7.2 Continuous Disclosure

SiteMinder makes, and will continue to make, announcements to the ASX in a timely manner in accordance with the ASX Listing Rules and SiteMinder's Continuous Disclosure Policy. The Continuous Disclosure Policy was most recently reviewed by the Board on 7 December 2023 and no updates were deemed necessary. The Continuous Disclosure Policy is designed to ensure compliance with the ASX Listing Rules on continuous disclosure and to ensure accountability at a Board and senior executive level for compliance and factual presentation of SiteMinder's financial position.

The Continuous Disclosure Policy requires the disclosure committee to provide the Board with copies of all material market announcements promptly after they have been made. The Policy also requires that ahead of any new and substantive investor or analyst presentation, a copy of the presentation materials must be released to ASX (even if the information in the presentation would not otherwise require market disclosure). These practices have been undertaken during the Reporting Period.

7.3 Investor Relations Program

SiteMinder is committed to ensuring that Shareholders, potential investors, and other interested stakeholders are informed of major developments affecting SiteMinder in a timely and effective manner.

In addition to the information provided on SiteMinder's website, information is communicated with investors through market briefings, including roadshows in Australia and overseas. SiteMinder makes senior executives available to provide briefings to investors throughout the year.

Any substantive investor or analyst presentation, such as that accompanying half year or full year results, or SiteMinder's AGM is released to the ASX prior to the commencement of any presentation meeting.

7.4 Shareholder Engagement

SiteMinder's Shareholder Communication Policy actively encourages two-way communication:

- through SiteMinder's AGM, where shareholder participation will be actively encouraged and facilitated; and
- by providing Shareholders with information via SiteMinder's website and the option to receive email communications and send email communications directly to SiteMinder and to SiteMinder's share registry.

The Shareholder Communication Policy was most recently reviewed by the Board on 7 December 2023 and no updates were deemed necessary.

Annual General Meeting

SiteMinder held an AGM on 30 October 2023, during the Reporting Period. The full text of notice and accompanying materials for the AGM, along with the results of the AGM, were released to the ASX and are included on the Investor Relations page of SiteMinder's website.

The AGM provided an important opportunity for SiteMinder to provide information to its Shareholders and an opportunity for informed shareholder participation. At the AGM, Shareholders were able to express their views to the Board and management and to vote on the Board's proposals. All resolutions proposed at the AGM during the Reporting Period passed.

SiteMinder's Shareholder Communications Policy provides that SiteMinder will ensure that all substantive resolutions at a meeting of Shareholders will be decided by a poll rather than a show of hands. In accordance with SiteMinder's constitution, the Board Chair demands a poll at each SiteMinder AGM and other shareholder meetings.

Electronic Communications

Shareholders are encouraged to receive Company information electronically by registering their email address online with SiteMinder's share registry. Shareholders may also send communications to SiteMinder electronically via SiteMinder's share registry as detailed in the Shareholder Communications Policy.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.
